

# PRAYERS BRING REPLIES, ASSERTION OF CHRISTIAN

More Times-Dispatch Readers Relate Their Experiences With Lord.  
SOMETIMES COME SLOWLY  
One Believer Says God Bids Own Time in Giving Answers. Another Refers "Doubter" to Book.

More and more Times-Dispatch readers are becoming interested in the query of "Doubter," the person who has asked for some personal experiences as to the efficacy of prayer. Numerous persons have already replied to the query, telling of their experiences, many of which are interesting and reveal rather unusual answers to their supplications to God. The Times-Dispatch is publishing several of these letters daily, among the replies being those printed below:

**Prayers Always Answered.**  
To the Editor of The Times-Dispatch:  
Sir: God has answered my prayers so often I feel it would be denying Him not to acknowledge them. My husband, earnestly for his return to the same business. He has been in two others lately, but not so important. Do not think anything too great or small to take to him. Every position my husband had had come through prayer and kept him in them.

**Refers "Doubter" to Book.**  
To the Editor of The Times-Dispatch:  
Sir: Allow me to refer "Doubter" to a little book entitled "Faith and Fact," which is a full account of the beginning and progress of the Christian Mission. Let me refer him to the Bible. Every position my husband had had come through prayer and kept him in them.

**Speaks From Experience.**  
To the Editor of The Times-Dispatch:  
Sir: After having tried for years to be a true follower of Christ, and having found that the only real happiness one can have on earth is in being a true Christian, I speak from experience. I have seen many people who are not true Christians, but who are in the hands of the devil. I have seen many people who are not true Christians, but who are in the hands of the devil.

**ACTRESS TELLS SECRET**  
Tells How to Darken Gray Hair With a Home-Made Mixture.  
Joicey Williams, the well-known actress, who was recently playing at the Imperial Theater in St. Louis, made the following statement about gray hair and how to darken it:  
"Anyone can prepare a simple mixture at home that will darken gray, streaked or faded hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Eucalypt Compound, and 1/4 ounce of glycerine.  
These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy, and does not rub off."—Adv.

## CARRIER PIGEON RETURNS

Lieutenant in Charge of Birds at Fair Now Trying to Learn Its Whereabouts.

Two days' absence from its mates proved enough for the carrier pigeon which escaped from its cage at the State fair yesterday. The bird, which was returned and when Captain William Rogers, who is in charge of the exhibit, arrived at the building shortly after the doors were opened, he found the bird perched on the cage waiting to be admitted.  
Careful inspection showed that it bore on its leg a brass band but on this there was no inscription or mark of any kind. The bird, which is a male, was found by the person who put the band on the bird if he ever to learn where it went on its long journey.  
There are now five birds in the cage at the fair. When the exhibit opened there were six but one has since died. All the pigeons saw active service in France with the Signal Corps in the war.

## PLEADS FOR VETERANS TO STAND BY AMERICA

Speakers at Atlanta Reunion Defend Cause of South in War of 1861.

ASSERT CAUSE WAS JUST

State Senator Luther Harrison, of Oklahoma, Delivers Annual Address at First Meeting of Confederate Soldiers at Atlanta.

(By Associated Press.)

ATLANTA, Oct. 8.—Pleas for veterans of the North and South and their descendants to stand together in the unsettled conditions following the sessions of the United Confederate Veterans' reunion.  
Speakers defended the cause of the South in the War Between the States, but asserted that the "justness of the cause" should only make Southern men better and more loyal to the United States than they had been in the war.

"Away with the hypocritical, sympathetic cry that 'if the South fought for what she thought to be right,'" said General E. Wood of Marlinton, Ark., in responding to the address of welcome to the veterans. "I tell you tonight that the South fought for right, the right of the tremendous odds against which Lee's army labored and turning to the present day, continued."  
"Today we are Americans and the old boys in gray have transferred their loyalty from the Stars and Stripes to the flag of our common country."  
Saying that fifty-four years ago his father died in Virginia for the South, and a year ago his younger brother died in France for the United States, State Senator Luther Harrison, of Okla., delivering the annual address before the veterans first meeting, asserted both causes were founded on the same just ideals.  
But all of this is forgotten," Senator Harrison continued, "we are now ready to co-operate in the furtherance of the principles that the best Americans stand for. Socialism is an aggressive evil—one that should be fought if we are to be Americans."

The South with its comparatively foreign population, should lead the nation in pure Americanism, he asserted.  
Other speakers on today's program expressed similar views, and Senator Harrison and Miss Mildred Rutherford, of Athens, Ga., educator and a Southern historian both made pleas for urging schools and other histories of the principles that the best Americans stand for. Socialism is an aggressive evil—one that should be fought if we are to be Americans."

## The Best Health-Insurance Is a Clean Colon

THERE ARE TWO WAYS of insuring yourself against disease. One is to pay big premiums to an insurance company which will pay you so much a week when you get sick. And if you get sick, most of this money will have to go to the doctor who tries to make you well again.  
THE BEST WAY is to keep the disease-resisting forces of the body so well organized and equipped as to guarantee health. Then you can enjoy life right along, and make it pay you premiums instead of paying premiums on a policy.  
This can be done only by keeping the colon clean and free from clogging. For the most eminent medical authorities tell us that about 90% of the sickness we have is directly or indirectly due to constipation.  
Nujol is the best health insurance "policy" in existence, because it keeps the colon clear and clean without deranging or weakening any of the other organs. It is the only foe of constipation which has no unpleasant or dangerous "come-back".  
Nujol is not a drug. Every particle of it that goes into the body comes out of the body. But on its journey it softens any mass that may be impacted in the colon and lubricates the way so as to make it easy for nature to move the obstruction and properly get rid of it.  
Nujol never interferes with digestion or any functions of any organ. It is not absorbed by those millions of little "mouths" in the intestine which suck in nourishment from the food passed along by the stomach. Its sole job is to keep things moving in an orderly, comfortable way. And it does this without any pain—does it equally well for babies, children, adults and aged folk.  
Try Nujol. Get a bottle from your druggist today.

For valuable health booklet—"Thirty Feet of Danger" free, write Nujol Laboratories, Standard Oil Co. (New Jersey) 50 Broadway, New York.

**Warning:** Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. All druggists insist on Nujol. You may suffer from substitutes.

## D'Annunzio Appeals to Racial Hatreds

Declares Jews Seek to Take Fiume From Italy and Jugo-Slavia.

(By Gabriele D'Annunzio—AN APPEAL HE HAS JUST ISSUED TO THE CROATIAN PEOPLE.)

Fiume, Oct. 8.—Now is the time to tell the whole truth. The Italian and Croatian peoples are both victims of an infernal financial intrigue which aims at keeping them enemies of one another by sowing misunderstandings between them, so the allies may exploit them both.  
The Adriatic is a Latin sea to which the Slavs have a full right of access for their commerce. Italy will be glad not only to grant, but to guarantee and protect, the freedom of such access for every race inhabiting the hinterland (the interior contiguous to the sea-coast).

For this reason the Italians and Slavs have a common interest in preventing other nations from gaining a foothold in a sea which is not theirs.  
Public schools and churches were ready to be turned over to them also if the auditorium did not prove large enough to hold the thousands of honor-maid sponsors and others attending the reunion.  
To Amend Blue Sky Law.  
WASHINGTON, Oct. 8.—Under an amendment to the Blue Sky bill suggested today by Houston Thompson, a member of the Federal Trade Commission, so called wildcat stocks and advertisements concerning sales and promotions of such stock ventures would be barred from interstate commerce and refused in the mails.

Today this danger is near, under the pretext of an ephemeral league of nations which is aiming to lay hands on the port of Fiume.  
This league has not been able to protect a single small nationality because it is invented by international Jews as a blind for their speculation against the population of the whole world.  
These unscrupulous bankers have been misrepresenting the Italo-Slav question by depicting Italy as coveting her territory and wealth and as demanding Fiume in order to kill her commerce.  
The guarantees which Italy can give you are more liberal and more honest than those provided by the so-called league of nations.  
The international bankers have already mortgaged all worth having in Jugo-Slavia.  
WASHINGTON, Oct. 8.—Investigation at Camp Jessup, Atlanta, of the condition of army automobiles there by a house war investigating subcommittee will not be begun until next week. Representative Heavis, Nebraska, chairman, announced that the committee would make the trip Monday or Tuesday.
